Please call us on 0208 749 1900 to discuss your exterior project.

FAST TRACK DESIGN SERVICE

DELIVERING EXCEPTIONAL LIGHTING

Rebecca Weir, Creative Director of Light Bout.IQ has over twenty years experience creating and lighting beautiful homes and gardens. With over 1000 projects completed world wide Rebecca's wealth of experience is now accessible on a flexible, chargeable hourly rate. For smaller projects Rebecca and her team will provide sensible, independent and impartial advice on to how to make the best of your exterior space. It might be just a tweak, an extra layer of light, a touch of inspiration or added drama for entertaining. The team provide well thought through subtle touches with light.

Exterior lighting will transform your home. A well lit front porch and drive will create a strong first impression and strengthen the emotional connection to your home. Suitable lighting will provide a feeling of safety and reassurance as well as a fabulous welcome for your guests. Garden lighting will lengthen the time you spend outdoors and allow you to enjoy long summer evenings surrounded by your beautiful garden. Garden lighting can be quite minimal, it is the careful placement of fittings that will create maximum impact. A stunning sculpture, architectural pergola, decorative chandeliers hanging from trees; these will all create stunning effects.

Please call us on 0208 749 1900 to discuss your exterior project.

Flexible Design Service for Landscape and Exterior Lighting

Our fast track design service provides you with inspired, practical and independent advice for all your lighting needs. This service is being offered to provide a quicker and more flexible approach for our clients who do not require, nor have the time for a full design service. This service also works particularly well for the smaller projects, the pro active client or where an experienced design team is already in place.

You will Provide

A set of plans, including where available detailed elevations, mood boards and inspirational images.

If these are not available the estate agents floor plans or a hand marked sketch work well.

Our Charges

All work on the project is charged for. This includes meetings, design coordination product specification and revisions if required.

All charges will be clearly outlined in advance and will require written approval for work or meetings to proceed.

The design service is charged on an hourly rate. The minimum charge per site visit is one hour @ £345 plus VAT for the first hour. Each following hour is charged at £230 plus VAT. Travel time outside of central London is chargeable.

If Further Advise Is Needed?

We can support the construction team with technical advice and attend site if required.

We can assist with commissioning and programming of the lighting scheme.

All meetings require reasonable notification and should be booked well in advance.

Client's Testimonials

“ Lighting is an art form in it's own right. When a talented lighting designer such as Rebecca works on a project the interior takes on a whole new dimension. Successful lighting is key to a successful interior. ”

..... GAIL TAYLOR

“ Light IQ were an absolute pleasure to work with. Their ability to combine state of the art technical know-how, with a flair for creative lighting solutions proved to be an essential component of our overall design. They worked seamlessly with our design team and architects to produce a tasteful and imaginative lighting design. The end result is a lighting scheme the sits at the heart of the ambience and character of our home. ”

..... GRAHAM CLEMPSON

“ We rate Light IQ as one of the best lighting designers in the country and regularly use them in our high end kitchens. As lighting is a key to enjoying a kitchen environment in the evenings using their skills gives us a great advantage over our competitors and makes our kitchen spaces equally pleasurable to be in day or night.”

Client's Testimonials

“ We are thrilled with our new lighting scenes. To be honest it has exceeded our expectations. Your team presented a design that would be sensitive to the period nature of our home but at the same time with a contemporary, lush and relaxing feel. The result is stunning and perfectly executed. Your team executed the agreed design with great skill and they were lovely to work with. We are looking forward to our next project together. Well done and thank you. ”

The Languages Of Light

Written by Rebecca Weir, Director

Rebecca's recent book; 'The Languages Of Light' is stated by The Vice President of The Institute Of Lighting Professionals as 'An intelligent and beautiful exploration of the transformative power of light'. Kate Slesinger, Publishing Director of House and Garden says 'This book will become your best friend when it comes to making the space sing and resonate with the music of light'.
